Officer P28 BRADLEY D. ANDERSON Date 12/04/2015
On 12/4/15 at 22:14hrs, Officer Paul and I (Officer Anderson) were dispatched to 2830 4th St. for a report of possible abuse of a child (Reference CAD 15-17894). Upon our arrival, we observed a running vehicle sitting in the driveway of the residence. We approached the vehicle to find Julia Eickmeier sitting in it with her daughter and an adult male subject. Julia exited the vehicle to speak with us. She stated that her daughter Madeline Kramer just returned from her father's house at 9pm. Julia said that Madeline told her that "daddy grabbed my crotch." Julia also mentioned that Madeline is showing other symptoms of being abused. Julia told us that she planned on taking Madeline to the hospital for examination, but she is now unsure if she should take her or not.

When asked what other symptoms Madeline was showing, Julia quickly changed the subject and stated that a doctor told her that Madeline could be "full on raped and not have any physical signs." Officer Paul questioned Julia about the validity of that statement. She became irritated and told Officer Paul that he was not a doctor. Officer Paul stated it was common sense and merely his opinion. She told him that she was not interested in his opinion. She did not reveal any further symptoms that Madeline showed.

Officer Paul spoke with Julia about her options for tonight. Julia was advised she could take Madeline to the hospital if she chose to do so. She was also advised that if she wanted to fill out a statement she could come down to the station and we would speak with her in an audio and video recorded room. Julia became agitated and stated that she would not be giving Officer Paul a statement tonight.
